INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Members of the Board of Commissioners
North Jersey District Water Supply Commission
Wanaque, New Jersey

Report on the Audit of Financial Statements

Opinions

We have audited the accompanying statements of assets, liabilities and equity-modified accrual basis of the North Jersey District Water Supply Commission's ("the NJDWSC" or the "Commission") Wanaque South Project, a Joint Venture (the "Joint Venture"), as of and for the years ended December 31, 2021 and 2020, and the related statements of revenues, expenses and changes in equity-modified accrual basis and cash flows - modified accrual basis for the years then ended and the related notes to the financial statements.

Unmodified Opinion on Modified Accrual Basis of Accounting

In our opinion, the financial statements – modified accrual basis referred to above present fairly, in all material respects, the financial position – modified accrual basis of the NJDWSC Wanaque South Project, a Joint Venture as of December 31, 2021 and 2020, and the change in equity – modified accrual basis and cash flows – modified accrual basis for the years then ended in accordance with the basis of financial accounting and reporting principles and practices described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph above, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Joint Venture as of December 31, 2021 and 2020, or changes in financial position, or, where applicable, cash flows for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the NJDWSC Wanaque South Project, a Joint Venture and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared and presented by the Joint Venture on the modified accrual basis of accounting. This basis of accounting does not present the financial statement in accordance with accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the modified accrual basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified accrual basis of accounting, which differs in certain respects from accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the NJDWSC Wanaque South Project, a Joint Venture's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the NJDWSC Wanaque South Project, a Joint Venture's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the NJDWSC Wanaque South Project, a Joint Venture's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 1 (A), the financial statements-modified accrual basis of the North Jersey District Water Supply Commission Wanaque South Joint Venture, are intended to present the financial position-modified accrual basis, the changes in equity-modified accrual basis and cash flows-modified accrual basis of only that portion of the North Jersey District Water Supply Commission that is attributable to the transactions of the Wanaque South Joint Venture. They do not purport to, and do not, present fairly the financial position-modified accrual basis of the North Jersey District Water Supply Commission as of December 31, 2021 and 2020, the changes in its equity-modified accrual basis and cash flows-modified accrual basis for the years then ended in accordance with the basis of financial accounting and reporting principles and practices as described in Note 1. Our opinion on the financial statements-modified accrual basis is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 26, 2022 on our consideration of the North Jersey District Water Supply Commission's Wanaque South Project, a Joint Venture's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the North Jersey District Water Supply Commission's Wanaque South Project, a Joint Venture's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the North Jersey District Water Supply Commission's Wanaque South Project, a Joint Venture's internal control over financial reporting and compliance.

**NORTH JERSEY DISTRICT WATER SUPPLY COMMISSION
WANAQUE SOUTH PROJECT, A JOINT VENTURE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Wanaque South Project, a Joint Venture (the “Joint Venture”) is a joint venture between the North Jersey District Water Supply Commission’s (the “Commission”), Wanaque South Project, and Suez, an investor-owned water utility company (collectively, the “Co-owners”). The Joint Venture was created to substantially increase the water supply available to the Co-owners primarily through the expansion of an existing pumping station (Ramapo Pumping Station) and the construction of a new pumping station (Wanaque South Pump Station), a large capacity pipeline (Wanaque South Aqueduct) and a reservoir (Monksville Reservoir), collectively, the “project assets”. Expansion and construction activities were completed in 1992. Upon completion, the project assets, with cumulative construction costs of approximately \$87.6 million, were transferred from the Joint Venture to the Co-owners in accordance with the ownership percentages noted below.

The Co-owners have entered into project agreements, which define the ownership, rights, benefits and obligations of the Co-owners with respect to the Joint Venture. The Co-owners, as tenants in common, own all the facilities not owned by either Co-owner forming a part of the Joint Venture, including real estate ownership interests, easements and licenses, as follows:

- Wanaque South Project – an undivided 50% interest, and Suez – an undivided 50% interest.
- The Ramapo Pumping Station and intake facilities, except the land and the Ramapo pipeline, are owned by the Co-owners as tenants in common as follows:
- Wanaque South Project – an undivided 5/6 interest and Suez – an undivided 1/6 interest.
- Each Co-owner is granted from the other party rights to use any portion of the project and common facilities, which are owned solely by one Co-owner, as, are necessary for the operation of the Joint Venture.
- Each Co-owner is entitled to 50% of the additional raw water “safe yield” made available by the Joint Venture.

Operating Agreement:

The Co-owners signed an operating agreement (the “Agreement”) on December 1, 1981. Operations commenced on January 1, 1987 and under terms of the Agreement, the Commission, as operating agent, operates and maintains the Joint Venture in a manner consistent with the rights of the Co-owners under the project agreements. Suez has agreed to allow the Commission to act as its agent and fiduciary as to Suez’s interest in the Joint Venture, and the Commission has agreed to undertake, as agent and fiduciary for Suez, the responsibility for the performance of the operating work in accordance with the operating agreement. The Co-owners have agreed to share equally, the costs of operating the Joint Venture, except for certain real estate and sales taxes, which are paid entirely by Suez. An annual operating budget is prepared and adopted by the Commission.

**NORTH JERSEY DISTRICT WATER SUPPLY COMMISSION
 WANAQUE SOUTH PROJECT, A JOINT VENTURE
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the Joint Venture have been prepared on the modified accrual basis of accounting, which differs in certain respects than accounting principles generally accepted in the United States of America ("GAAP"). Under the modified accrual basis, revenues are recorded when earned and expenses are recorded when incurred, however, capital outlays are expensed in the period incurred, which is not in accordance with GAAP, which requires capital outlays to be capitalized and depreciated over the estimated life of the asset. The operating costs of the Joint Venture are presented in accordance with the uniform system of accounts of the New Jersey Board of Public Utilities Commission, which comply with GAAP.

Use of Estimates - The preparation of financial statements requires management of the Joint Venture to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

Revenue Recognition - The Joint Venture is reimbursed by the Co-owners in accordance with the Agreement for operating costs in the period the costs are incurred.

Capital Outlays - Represents capital costs funded by the co-owners of the Joint Venture in the period incurred. GAAP requires that these costs be capitalized and depreciated over the estimated life of the asset.

NOTE 2 CASH DEPOSITS AND INVESTMENTS

The Joint Venture considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as cash and cash equivalents.

Cash Deposits

The Joint Venture's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Joint Venture is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At December 31, 2021 and 2020, the book value of the Joint Venture's deposits were \$114,044 and \$115,780, respectively, and bank and brokerage firm balances of the Joint Venture's deposits amounted to \$113,960 and \$114,531 at December 31, 2021 and 2020, respectively. The Joint Venture's deposits which are displayed on the balance sheet as "cash and cash equivalents" are categorized as:

	<u>2021</u>	<u>2020</u>
Depository Account		
Insured	\$ <u>113,960</u>	\$ <u>114,531</u>

**NORTH JERSEY DISTRICT WATER SUPPLY COMMISSION
WANAQUE SOUTH PROJECT, A JOINT VENTURE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2 CASH DEPOSITS AND INVESTMENTS (Continued)

Cash Deposits (Continued)

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The Joint Venture does not have a formal policy for custodial credit risk. As of December 31, 2021 and 2020, the Joint Venture’s bank balances were not exposed to custodial credit risk.

NOTE 3 RELATED COMPANY TRANSACTIONS

Due from Related Companies

The Co-owners are charged their respective amounts for operating costs of the Joint Venture. As of December 31, 2021 and 2020, the Co-owners owe the Joint Venture \$471,402 and \$746,707, respectively. These amounts are non-interest bearing, payable on demand and consist of the following:

	<u>2021</u>	<u>2020</u>
Wanaque South Project	\$ 231,091	\$ 442,669
Suez	<u>240,311</u>	<u>304,038</u>
	<u>\$ 471,402</u>	<u>\$ 746,707</u>

The Commission’s Wanaque North Project advances funds for construction costs on behalf of the Joint Venture. As of December 31, 2021 and 2020, the amount due to the Wanaque North Project is \$580,446 and \$857,487, respectively. The advances are non-interest bearing and are payable on demand.

Cost Allocations

The Joint Venture is allocated certain operating costs, based on a predetermined formula, from the Commission’s Wanaque North Project and for the years ended December 31, 2021 and 2020, the costs consisted of:

	<u>2021</u>	<u>2020</u>
Salaries and Wages	\$ 2,459,314	\$ 2,292,012
Fringe Benefits	1,192,030	1,237,226
Other Expenses	<u>1,534,455</u>	<u>1,718,227</u>
	<u>\$ 5,185,799</u>	<u>\$ 5,247,465</u>

**NORTH JERSEY DISTRICT WATER SUPPLY COMMISSION
 WANAQUE SOUTH PROJECT, A JOINT VENTURE
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 3 RELATED PARTY TRANSACTIONS

Equity

The governing board and management of the Joint Venture consists of personnel from both co-owners in the Joint Venture. The personnel have the ability to approve budgets, sign contracts with exercise control over facilities and to determine the outcome or disposition of matters affecting the recipients of services provided. At December 31, 2021 and 2020, the Equity in the Joint Venture is as follows:

	<u>2021</u>	<u>2020</u>
Wanaque South Project	\$ 2,500	\$ 2,500
Suez	<u>2,500</u>	<u>2,500</u>
	<u>\$ 5,000</u>	<u>\$ 5,000</u>

NOTE 4 CONTINGENT LIABILITIES

The Commission is a party defendant in some lawsuits, none of a kind unusual for an entity of its size and scope of operation. In the opinion of the Commission's Attorney, the potential claims against the Commission not covered by insurance policies would not materially affect the financial condition of the Commission.

The Commission is subject to various regulations promulgated by the U.S. and State of New Jersey Department of Environmental Protection (collectively, "DEP"). Laws and regulations governing DEP are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines and penalties. The Commission is not aware of non-compliance of said laws and regulations.

NOTE 5 RISK MANAGEMENT

The Commission is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The Commission has obtained commercial insurance coverage to guard against these events to minimize the exposure to the Commission should they occur.

There has been no significant reduction in insurance coverage from the previous year.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Members of the Board of Commissioners
North Jersey District Water Supply Commission
Wanaque, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements –modified accrual basis of the North Jersey District Water Supply Commission's Wanaque South Project, a Joint Venture, as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated September 26, 2022. Our report on the financial statements – modified accrual basis indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the modified accrual basis of accounting as described in Note 1.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the North Jersey District Water Supply Commission Wanaque South Project, a Joint Venture's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the North Jersey District Water Supply Commission Wanaque South Project, a Joint Venture's internal control. Accordingly, we do not express an opinion on the effectiveness of the North Jersey District Water Supply Commission Wanaque South Project, a Joint Venture's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Joint Venture's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the North Jersey District Water Supply Commission Wanaque South Project, a Joint Venture's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the North Jersey District Water Supply Commission Wanaque South Project, a Joint Venture's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the North Jersey District Water Supply Commission Wanaque South Project, a Joint Venture's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
