Question #3

We will be substituting a capable manufacturer not listed in the specifications. Please advise as to the substitution process.

***Revised Response:*** ***In accordance with the bid specifications:***

“Wherever a brand name is designated in the bid documents, it shall mean “brand name or equivalent.” Bidders will be required to demonstrate, to the sole satisfaction of the Commission, that equivalent products are both compatible and effective.” Therefore, ***substitutions for products may be presented, however, they must meet all the specifications outlined in the Technical Specifications and be both compatible and effective, as determined in the sole judgment of the Commission’s Engineer.***
